A Kenya–Tanzania safari now carries two US$44 insurance charges, and every government that added a cost this week added it at the border

EA Hospitality Pulse · Sunday Foresight · Sun 11 Oct 2026

The seams between destinations changed this week. Kenya's High Court upheld its US$44 visitor insurance on 7 October; Tanzania's mainland charge has applied since 1 October. A guest flying Nairobi to Kilimanjaro pays twice: US$88 a head (our arithmetic; some are exempt).

What everyone is missing: these are filed as separate stories. Together they show governments pricing and policing the crossing, not the destination. A twin-centre trip has the most crossings per sale, and the guest's decision to keep it is set by the most awkward border, not by your lodge. Your terms cover one leg; the risk covers all. (Our inference; we cannot size it.)

THE WEEK'S SIGNALS

### 1 TWO INSURANCE CHARGES NOW SIT ON ONE ITINERARY

Justice Olel (High Court, Marsabit) held Gazette Notice 11492 valid on 7 Oct (Eastleigh Voice, 7 Oct); FCDO says eTA applicants must buy cover from 5 Oct. Tanzania mainland has required it since 1 Oct (GN 256).

**So what: show each border's charge as its own quote line and say who buys the policy.**

*City, Bush, Beach |  | Confirmed (rules) / Inference (arithmetic) | impact:margin*

### 2 THE LOW-COST LINKS MOVED OPPOSITE WAYS, AND ONE CARRIED THE VIRUS

Jambojet began daily Nairobi–Entebbe on 1 Oct (AeroRoutes, 24 Jul). The patient flew it on 3 Oct (Health Ministry, 7 Oct). It stopped Mombasa–Zanzibar, citing fuel and the insurance (Business Daily, 29 Sep; dates conflict with AeroRoutes).

**So what: sell Nairobi–Kampala date-flexible; price Mombasa–Zanzibar with a connection.**

*City, Bush, Beach |  | Reported | impact:risk*

### 3 SCREENING NOW DIFFERS AT THE SEAM

The patient passed temperature checks at Entebbe and Nairobi; Kenya added a JKIA gate for Congo-linked arrivals (Reuters, 7 Oct). Tanzania lifted extra screening for Uganda arrivals (ATTA citing FCDO, 1 Oct; page not opened). WHO advised against closing borders (7 Oct).

**So what: give circuit clients each border's checks, dated.**

*Bush, City |  | Confirmed (statements) / Inference (divergence) | impact:risk*

### 4 THE OVERLAND LEG IS GETTING DEARER

Tanzania's September inflation was 4.3%, transport 14.0% (NBS, 8 Oct). EWURA raised October caps 5–10% (Daily News, 8 Oct). Kenya's oil workers served a strike notice (Kenyans.co.ke, 10 Oct).

**So what: re-cost road transfers at October caps; hold diesel through 14 Oct.**

*Bush, City, Beach |  | Confirmed (figures) / Reported (strike) | impact:margin*

## 5 TWO DEMAND GATES ARE OPEN

The US entry order on DRC, Uganda and South Sudan lapses today; no renewal in the Federal Register listing (10 Oct). Kenya's Public Health PS suspended government meetings in hotels from 7 Oct (Kenyans.co.ke, 10 Oct).

**So what: keep Bwindi US offers date-flexible; get any government block in writing.**

*Bush, City |  | Reported | impact:demand*

Blind spots: Germany's and France's Kenya advice not found after two scans; Canada's text unread; FCDO, CDC, WHO read via press.

## 30/90-DAY DEMAND CALENDAR

11 Oct — US order lapses. Keep Uganda rates flexible.

13 Oct — fuel-VAT bill comments close.

14 Oct — EPRA review. Re-cost transfers.

30 Nov — Ethiopian Addis–Kilimanjaro–Zanzibar to 7 weekly (AeroRoutes).

If a border rule changes tomorrow, which leg of your guest's trip pays for it?
